## SUMMARY

Motivated Entry-Level MERN Developer seeking a MERN Stack Developer position. Proficient in developing and maintaining web applications with responsive UIs using React, server-side logic with Node.js and Express.js, and database management with MongoDB.

## SKILLS

**Languages:** JavaScript, Java

**Front-End:** React.js, Redux, HTML5, CSS3, Tailwind CSS, Material-UI

**Back-End:** Node.js, Express.js

**Databases:** MongoDB, Mongoose, MySQL

**Tools & Platforms:** Visual Studio Code, npm, Postman, Git, Github

## EXPERIENCE

### Mern Developer trainee

Sensation Software Solutions Pvt. Ltd.

February 2024 – July 2024, Mohali, India

- Collaborated with senior developers on MERN stack projects, enhancing project delivery speed and code quality.
- Wrote clean, modular JavaScript code, reducing technical debt and improving application performance.
- Developed responsive UIs with React, increasing user satisfaction and reducing bounce rate.
- Implemented server-side logic and APIs with Node.js and Express.js, enhancing API response times and reducing server load.
- Optimized MongoDB databases, improving data retrieval efficiency.

## PROJECTS

### Blog App Development

May 2024 – June 2024

- Developed MERN stack blog app with Flowbite React and Tailwind CSS for responsive UI.
- Implemented Express.js and Node.js for RESTful APIs, reducing server response time.
- Managed user records efficiently with MongoDB and Mongoose.
- Enhanced security and user login experience with JWT-based authentication.
- Integrated Firebase Authentication, streamlining user authentication and improving overall security.

### Weather Bot for Telegram

April 2024 – April 2024

- Description: Developed a Telegram bot that provides weather updates using the Telegraph API and a weather API.
- Technologies Used: Node.js, Telegraph API, OpenWeatherMap API, JavaScript.
- Implemented API integration to fetch real-time weather data based on user input.
- Developed a user-friendly interface.
- Handled user requests and provided responses with current weather conditions, forecasts, and other information.

## EDUCATION

### Masters of Computer Applications

Panjab University, Chandigarh • Chandigarh • 2024

## CERTIFICATIONS

### Certificate of Internship in MERN Stack Development

Sensation Software Solutions Pvt. Ltd. Mohali • February 2024 – July 2024.

- Successfully completed 6-months Internship in MERN Stack Development gaining proficiency in MongoDB, Express.js, React and Node.js.

### Certificate of Internship in Web Development

InternsElite • 2023

- Practical internship enhanced problem-solving in web development.

### Certificate of Training in Web Development

NIMBUS, NIT Hamirpur • 2023

- Completed comprehensive training in HTML, CSS, JavaScript, and modern frameworks, applying industry best practices for clean, maintainable code.
